

Forestry Field Technician (Experienced)

Whitney Point, NY | Travel Throughout New York State

Put Your Experience to Work on High-Impact Forestry Projects

AMRO Forestry is seeking an experienced forestry technician to join our Whitney Point-based crew supporting a wide range of forest, ecosystem, and land management projects across New York State. This is a field-intensive position for someone who is comfortable working outdoors, can contribute immediately, and takes pride in producing accurate, efficient, and professional fieldwork.

Work Location

- Based out of Whitney Point, NY
- Daily meet-up prior to traveling to job sites throughout the state
- Work environments include forests, municipal lands, and park systems

Role Overview

This role is designed for a technician who values consistent fieldwork, project variety, and a high level of responsibility. You'll be expected to operate both independently and as part of a professional team, contributing directly to project success.

Core Responsibilities

Forest Inventory & Measurement

- Collect detailed stand data (DBH, height, canopy cover, defect assessment)
- Conduct prism plots and fixed-area inventory

Timber Cruising & Marking

- Assist with and perform timber cruising
- Select and mark trees based on silvicultural prescriptions
- Accurately record and manage field data

Land & Vegetation Management

- Conduct forest stand improvement and vegetation management work
- Perform invasive species control as a routine part of project work
- Complete municipal tree inventories (street and park systems)

Pesticide Application (Required Component of the Role)

- Regularly apply herbicides and pesticides as part of vegetation and invasive species management projects
- Follow all safety protocols, regulations, and best practices
- Obtain or maintain pesticide technician certification (Category 2 preferred; support available if needed)

General Field Operations

- Navigate using GPS and assist with GIS data collection
- Complete boundary marking and stand identification
- Perform hands-on work including:
 - Cutting, girdling, or removing small trees/brush
 - Tree planting and site work

-
- Use of field equipment and tools
-

What We're Looking For

Required

- Valid driver's license with a clean driving record
- Ability to work outdoors in all weather and terrain conditions
- Ability to lift and carry up to 50 lbs
- Strong tree identification skills
- Willingness and ability to perform pesticide/herbicide application as a regular duty of the job

Experience / Education

- At least 1 year of forestry field experience (inventory, timber marking, or related work)
OR
 - Equivalent combination of relevant education and hands-on experience
-

Preferred Qualifications

- Experience with timber marking and cruising
 - Confidence working independently in the field
 - Familiarity with GPS/GIS tools
 - Experience operating chainsaws, brush saws, ATVs, or snowmobiles
-

What You Can Expect

- Consistent, meaningful fieldwork across diverse project types
 - Autonomy and trust for experienced technicians
 - Opportunities to expand responsibilities over time, including leadership and project coordination if interested
 - A team that values efficiency, accuracy, and strong field skills
-

Schedule & Work Environment

- Combination of team collaboration and independent fieldwork
 - Daily outdoor work in varied conditions
 - Four 10-hour days
-

Compensation & Benefits

- Starting pay: \$19.75+ (based on experience and qualifications)
 - Productivity-based bonuses
 - 401(k) contributions
 - Health, dental, and vision insurance options
 - Paid time off and travel compensation (discussed at interview)
-

Additional Opportunities

Opportunities may be available to expand into:

- Project coordination
- Grant-supported work
- Company operations and administrative support
